Section 1: Introduction

The Freedom of Information (Scotland) Act 2002 (the Act) requires Scottish public authorities to adopt and maintain a publication scheme which has the approval of the Scottish Information Commissioner, and publish information in accordance with that scheme. The publication scheme must:

- publish the classes of information that the authority makes routinely available; and
- tell the public how to access the information and whether information is available free of charge or on payment.

NHS Dumfries and Galloway has adopted the **Model Publication Scheme**, which has been produced and approved by the Scottish Information Commissioner. It will be reviewed annually, with further amendments being made more frequently if updates are received from the Scottish Information Commissioner.

You can see this scheme on our website at [www.nhsdg.scot.nhs.uk/About Us/Freedom of Information](http://www.nhsdg.scot.nhs.uk/About%20Us/Freedom%20of%20Information).

You can also contact us at the address below if you prefer a copy of the “Guide to Information Available through the Publication Scheme”, to be provided in a different format.

The purpose of the Guide to Information is to:

- allow the public to see what information is available (and what is not available) for NHS Dumfries and Galloway in relation to each class in the Model Publication Scheme;
- state what charges may be applied;
- explain how to find the information easily;
- provide contact details for enquiries and to get help with access to the information; and
- explain how to request information that has not been published.

Alongside the Act, the Environmental Information (Scotland) Regulations 2004 (the EIRs) provide a separate right of access to the environmental information that we hold. This guide to information also contains details of the environmental information that we routinely make available.

Section 2: About NHS Dumfries and Galloway

NHS Scotland is made up of 14 regional NHS Boards, seven special NHS Boards and one public health body.

Each NHS Board is accountable to the Scottish Ministers. Regional NHS Boards are responsible for the protection and the improvement of their population's health and for the delivery of frontline healthcare services. Special NHS Boards support the regional NHS Boards by providing a range of important specialist and national services.

Introducing NHS Dumfries and Galloway

Our purpose:

- to deliver excellent care that is person-centred, safe, effective, efficient and reliable; and
- to reduce health inequalities across Dumfries and Galloway

Our Outcomes:

- Improved outcomes for patients that reflect learning from patient experience in order to ensure a person-centred focus is maintained.
- Improved staff experience; and health and wellbeing of staff.
- The delivery of continuous quality improvement and sustainability through services that are effective and efficient.
- All children have the best possible start in life through a variety of interventions, sometimes targeted at vulnerable groups.
- A population in Dumfries and Galloway who are enabled and assisted to have more control over all aspects of their life, health and wellbeing.

Our Corporate Objectives:

1. To reduce health inequalities across NHS Dumfries and Galloway.
2. To promote and embed continuous quality improvement by connecting the range of quality and safety activities which underpin delivery of the three ambitions of the Healthcare Quality Strategy, to deliver a high quality service across NHS Dumfries and Galloway.
3. To review the model of service delivery across Dumfries and Galloway to deliver person-centred services as close to home as clinically possible.
4. To ensure that NHS Dumfries and Galloway has an engaged and motivated workforce that is supported and valued in order to deliver high quality service and achieve excellence for the population of Dumfries and Galloway.
5. To maximise the benefit of the financial allocation by delivering clinically and cost effective services efficiently.
6. Continue to support and develop partnership working to improve outcomes for the people of Dumfries and Galloway.
7. To meet and, where possible, exceed goals and targets set by the Scottish Government Health and Social Care Directorate for NHS Scotland, whilst delivering the measurable targets in the Single Outcome Agreement.

Delivery of these objectives should always be tested against the principles of Best Value, Patient Focus Public Involvement and Partnership Working.

NHS Dumfries and Galloway is responsible providing a comprehensive range of high quality health services in both hospital and community facilities. We also have a duty to protect public health throughout Dumfries and Galloway

Health Boards also work with independent primary care contractors - NHS doctors, dentists, pharmacists and opticians - who are contracted by the Board to provide primary health care services to the local population. Primary care contractors are subject to FOISA in relation to their NHS work but are not covered by this Scheme as they have their own practice-based schemes

Exempt information

We will publish all the information we hold that falls within the classes of information in the Model Publication Scheme. We publish this information in Section 10 of this guide. If a document contains information that is exempt under Scotland's freedom of information laws (for example personal information or commercial interests), we will remove or redact (black out) the information before publication and explain why.

Section 4: Information that we may withhold

All information covered by our Guide to Information can either be accessed through our website or will be provided promptly following our receipt of your request.

Our aim in adopting the Commissioner's Model Publication Scheme and in maintaining this Guide to Information is to be as open as possible. You should note, however, that there may be limited circumstances where information will be withheld from one of the classes of information listed in "Section 10 – Classes of Information". Information will only be withheld, however, where the Act (or, in the case of environmental information, the EIRs) expressly permits it.

Information may be withheld, for example, where its disclosure would breach the law of confidentiality, harm an organisation's commercial interests or endanger the protection of the environment.

Information may also be withheld if it is another person's personal information and its release would breach the data protection legislation.

Whenever information is withheld we will inform you of this and will set out why that information cannot be released. Even where information is withheld it will, in many cases, be possible to provide copies with the withheld information edited out. If you wish to complain about any information which has been withheld from you, please refer to "Section 8 – Contact details for enquiries, feedback and complaints".

Section 5: Our Charging Policy

This section explains when we may make a charge for our publications and how any charge will be calculated.

There is no charge to view information on our website, at our premises or where it can be sent to you electronically by email.

We may charge you for providing information to you, for example photocopying and postage, but we will only charge you what it actually costs us to do.

We will always tell you what the charge is and how it has been calculated before providing the information to you. We will not provide you with the information until payment has been received.

Photocopying charges are shown below:

Size of paper / alternative format	Black and White Pence per sheet	Colour Pence per sheet
A4	10p	20p
A3	20p	40p

Information provided on CD-Rom will be charged at £1.00 per computer disc.

Postage costs may be recharged at the rate we paid to send the information to you. Our charge is for sending information by Royal Mail First Class.

When providing copies of pre-printed publications, we will charge you no more than the cost per copy of the total print run.

We do not pass on any other costs to you in relation to our published information.

Details of any individual charges which differ from the above charging policy are provided within "Section 10 – Classes of information"

Section 6: Copyright

NHS Dumfries and Galloway hold the copyright for the vast majority of information in this Publication Scheme. All of this information can be copied or reproduced without our formal permission provided it is copied or reproduced accurately, is not used in a misleading context, is not used for profit and provided that the source of the material is identified.

Providing access to information does not mean that copyright has been waived, nor does it give the recipient the right to re-use information for commercial purposes. If you intend to re-use information obtained from the Scheme, and you are unsure whether you have the right to do so, please make a request to

Freedom of Information Officer
NHS Dumfries and Galloway
Ground Floor North
Mountainhall Treatment Centre
Bankend Road
Dumfries
DG1 4AP

E-mail: dg.feedback@nhs.net

Telephone: 01387 272752

To re-use the information. Your request will be considered under the **Re-use of Public Sector Information Regulations 2005** which may provide the right to impose a charge. In

the event that a charge is payable you will be advised what this is and how it is calculated. If you require more information on the re-use of information go to www.oqps.gov.uk or contact the Freedom of Information Officer (contact details above).

The Publication Scheme may contain information where the copyright holder is not NHS Dumfries and Galloway. In most cases the copyright holder will be obvious from the documents. In cases where the copyright is unclear it is the responsibility of the person accessing the information to locate and seek the permission of the copyright holder before reproducing the material or in any other way breaching the rights of the copyright holder. This includes, for example, Ordnance Survey Maps which are Crown Copyright.

Section 7: Records Management Policy

NHS Dumfries and Galloway regard its records as a major asset of the organisation. It confirms that its records are one of the essential resources which support management in the efficient and effective fulfilment of its governance, business and legal responsibilities. NHS Dumfries and Galloway Records Management Policy can be found in Section 10 Classes of Information - Class 5.

Section 8: Contact details for enquiries, feedback and complaints

The Act requires that we review our publication scheme from time to time. As we have adopted the Model Publication Scheme, this means we will review our Guide to Information from time to time.

As a result, we welcome feedback on how we can develop our guide further. If you would like to comment on any aspect of this Guide to Information, then please contact us.

You may, for example wish to tell us about:

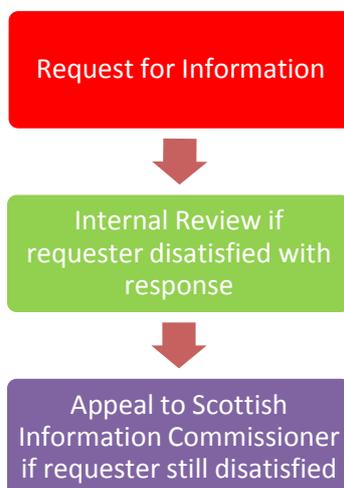

- other information that you would like to see included in the guide;
- whether you found the guide easy to use;
- whether you found the guide to information useful;
- whether our staff were helpful; and
- other ways in which our guide to information can be improved.

Our aim is to make our guide to information as user-friendly as possible and we hope that you can access all the information we publish with ease. If you do wish to complain about any aspect of the Guide then please contact us and we will try and resolve your complaint as quickly as possible.

Any complaint will be acknowledged within three working days of receipt and we will respond in full within twenty working days.

You have legal rights to access information under the Model Publication Scheme (as described in this Guide to Information) and a right of appeal to the Scottish Information Commissioner if you are dissatisfied with our response.

These rights apply only to information requests made in writing¹ or another recordable format. If you are unhappy with our responses to your request you can ask us to review it and, if you are still unhappy, you can make an appeal to the Scottish Information Commissioner.

The Commissioner's website has a guide to this three step process and she operates an enquiry service on Monday to Friday from 9:00am to 5:00pm.

Her office can be contacted as follows:

Section 9: How to Access Information which is not available in the Guide to Information

If the information you are seeking is not available through the Model Publication Scheme (as described in this Guide) then you may wish to request it from us.

The Act provides you with a right of access to the information we hold, subject to certain exemptions. The EIRs separately provide a right of access to the environmental information we hold, while the Data Protection Act 1998 (DPA) provides a right of access to any personal information about you that we hold.

¹ Verbal requests for environmental information carry similar rights

Again, these rights are subject to certain exceptions or exemptions. Should you wish to request a copy of any information that we hold that is not available under the Model Publication Scheme (and described in this Guide), please write to:

Charges for information which is not available under the scheme:

The charges for information which is available under NHS Dumfries and Galloway's Guide to Information are set out under "Section 5 – Our Charging Policy".

If you submit a request to us for information which is not available in this Guide the charges will be based on the following calculations:

General information requests:

- There will be no charge for information requests which cost us £100 or less to process.
- Where information costs between £100 and £600 to provide you may be asked to pay 10% of the cost. That is, if you were to ask for information that cost us £600 to provide, you would be asked to pay £50 calculated on the basis of a waiver for the first £100 and 10% of the remaining £500.
- We are not obliged to respond to requests which will cost us over £600 to process.
- In calculating any fee, staff time will be calculated at actual cost per staff member hourly salary rate to a maximum of £15 per person per hour.
- We do not charge for the time to determine whether we hold the information being requested, nor for the time it takes to decide whether the information can be released.

Charges may be made for locating, retrieving and providing information to you.

In the event that we decide to impose a charge we will issue you with notification of the charge (a fees notice) and how it has been calculated. You will have three months from the date of issue of the fees notice in which to decide whether to pay the charge. The information will be provided to you on payment of the charge. If you decide not to proceed with the request there will be no charge to you.

Charges for environmental information:

Environmental information is provided under the EIRs rather than the Act. The rules for charging for environmental information are slightly different.

We do not charge for the time to determine whether we hold the environmental information requested or deciding whether the information can be released. Charges may be made for locating, retrieving and providing information to you e.g. photocopying and

postage. In the event that we decide to impose a charge we will issue you with notification of the charge and how it has been calculated. The information will be provided to you on payment of the charge. If you decide not to proceed with the request there will be no charge to you.

Charges are calculated on the basis of the actual cost to NHS Dumfries and Galloway of providing the information.

- Photocopying is charged at 10p per A4 sheet for black and white copying, 20p per A4 sheet for colour copying.
- Postage is charged at actual rate for Royal Mail First Class.
- Staff time is calculated at actual cost per staff member hourly salary rate to a maximum of £15 per person per hour.

The first £100 worth of information will be provided to you without charge.

Where information costs between £100 and £600 to provide, you will be asked to pay 10% of the cost. That is, if you were to ask for information that cost us £600 to provide, you would be asked to pay £50, calculated on the basis of a waiver for the first £100 and 10% of the remaining £500.

Where it would cost more than £600 to provide the information to you, however, we will ask you to pay the full cost of providing the information, with no waiver for any portion of the cost.
