## Section 1 : General Information

		Guidance
1	Name of policy: Personal Emergency Evacuation Plan (PEEP) Guidance	The word policy is used throughout this document for ease but it could also be a strategy, plan, project or budget option (saving or income generation).
2	Is this policy: <input type="checkbox"/> new x <input type="checkbox"/> reviewed	
2	Lead Service(s) involved in the delivery of this policy: Workforce Directorate (NHS Dumfries and Galloway); Health and Safety (NHS Dumfries and Galloway)	
4	Who else is involved in the implementation of this policy:	e.g. other Services or partner agencies
5	Lead person: Andrew Napier, Equality and Diversity Advisor, NHS Dumfries and Galloway	The lead person should be someone who has a good knowledge of the policy to be assessed and has been trained in the toolkit.
6	Names and organisations of those involved in the process :	The tool should be completed by no fewer than two people. It is good practice to involve stakeholders and in particular the relevant Equality and Diversity Group(s) must be involved.
7	Date of Impact Assessment (IA): 06/09/2018	
8	Do all participants understand the Guidance? <input type="checkbox"/> Yes x	The lead person should check all attending have read and understood the purpose or process of IA

## Section 2 : Aims of the policy

	<b>Guidance</b>
<p>9 What are the main aims of the policy? Please list</p> <p>To provide guidance on how a PEEP should be completed and procedures for safely evacuating disabled persons from premises in an emergency, especially for advising Heads of Departments and General Managers on how this should be done;</p> <p>To ensure staff members comply with equality and fire safety legislation by ensuring disabled persons have a safe means to escape a building in the event of an emergency;</p> <p>To provide general guidance on how a PEEP operates.</p>	<p>This should describe the policy and what you are trying to do. Think about:</p> <ul style="list-style-type: none"> <li>• Why is it needed?</li> <li>• What outcomes does the organisation hope to achieve by it?</li> <li>• In particular will the policy contribute to the organisations' Objectives/Priorities, the Single Outcome Agreement and/or Health and Social Care Integration?</li> </ul>
<p>10 Will the policy assist in meeting the aims of legislation?</p> <p><input type="checkbox"/> Yes x    <input type="checkbox"/> No</p> <p>Give details</p> <p>(a) The Equality Act 2010 <input type="checkbox"/> Under the Equality Act 2010, employers have a duty too eliminate discrimination based on a person's protected characteristics and make reasonable adjustments for disabled people when required. This guidance is designed to help Heads of Departments and Line Managers support disabled employees by introducing Personal Emergency Evacuation Plans so as to ensure they are able to exit a building safely. In some cases, this will involve making reasonable adjustments such as providing assistance or allowing a disabled person to communicate from a "safe area" or "refuge" during an emergency if they cannot exit the building independently.</p> <p>(b) Human Rights Act 1998 <input type="checkbox"/></p> <p>(c) Climate Change Scotland Act 2009 <input type="checkbox"/></p> <p>(d) Environmental Assessment (Scotland) Act 2005 <input type="checkbox"/></p>	<p>The purpose of IA is to assess which individuals or groups will be most affected and how. Think also about how the policy will be delivered (e.g. through existing outlets?) and how it will be communicated to clients</p>

## Section 3 : Evidence

	<b>Guidance</b>
<p>11 What evidence has or will be used to identify any potential positive or negative impacts?</p> <p>Insert details in the boxes below (a) to (e):</p>	<p>Evidence could be based on a specific geographical area or a community of interest and could include consultations, surveys, focus groups, interviews, pilot projects, user feedback (inc. complaints made), officer knowledge and experience, equalities monitoring data, academic publications, consultants' reports, etc. Also identify where there are gaps in the evidence and set out how these will be filled.</p>
<p>Involvement in development/ review Development of this guidance has included input from: Lynsey Fitzpatrick, Equality and Diversity Lead (NHS Dumfries and Galloway); Jim Waugh, Fire Officer (NHS Dumfries and Galloway); Andy Howat, Health and Safety Advisor (NHS Dumfries and Galloway); Shirley McClymont, Accountancy Assistant (NHS Dumfries and Galloway)</p> <p>(a)</p>	<p>Who has been involved in the development so far of your policy?</p>
<p>Research In addition to input from the individuals listed as an answer to (a), research has been carried out on fire safety legislation, especially the Fire (Scotland) Act 2005 and the Fire Safety (Scotland) Regulations 2006.</p> <p>(b)</p>	<p>Have you conducted any research or what research are you using?</p>
<p>(c) Officer/Practitioner knowledge and experience Jim Waugh, Fire Officer, provided guidance on Personal Emergency Evacuation Plans which the group have used in developing the guidance.</p>	<p>What expertise or individual information are the group using to inform their judgements?</p>
<p>(d) Monitoring data No specific monitoring data, locally or nationally, was used in the construction of this guidance.</p>	<p>What data is available locally or nationally to inform the group?</p>

<p>(e) Feedback Feedback and comments were obtained from Jim Waugh, Andy Howat and Shirley McClymont about PEEP procedures and arrangements to be discussed within the guidance.</p>	<p>What feedback is available to inform the IA? e.g. both positive and negative users experiences of the policy – surveys, Board or Elected Members enquiries and comments etc</p>

## Section 4: Impact Areas

This section covers the Protected Characteristics, Human Rights, health, climate change and sustainable development.

### 12 AGE

This refers to children and adults of a particular age or age range.

Remember different age groups have different concerns e.g.

- violence is more likely to happen to you if you are a young man but the fear of crime can be debilitating if you are an older or lone woman.
- can all age groups access your service even on a dark winter night?
- children (people under 18) have a right to advice and information but this may need to be in a different format from the same information directed at adults
- when considering age/ children remember that some children are more vulnerable or have particular issues that may need additional consideration, for example children in poverty or Looked After Children (LAC).

## 13 DISABILITY

A person has a disability if they have a physical or mental impairment (including learning disabilities) which has a substantial and long-term adverse effect on that person's ability to carry out normal day-to-day activities.

- How does this policy affect disabled people in Dumfries and Galloway?
- Is there any reason to believe that disabled people are being, or could be, adversely affected by this policy?
- Are there any impairment groups who are particularly adversely affected by the policy?
- Could your policy adversely affect individuals as a result of something arising from their disability?
- Does your policy ensure that the rights of people with learning disabilities to dignity, equality and non-discrimination are respected and upheld?

This guidance accounts for persons with a wide range of disabilities, such as those who cannot hear alarms, those who cannot see hazards or those who cannot walk. The guidance provides for assistance to be given to disabled persons who request it in their Personal Emergency Evacuation Plan. Under fire safety legislation, employers have a duty to ensure that employees can escape from a building as quickly and safely as possible. Were assistance or reasonable adjustments not provided in some circumstances, this would make it much harder for a disabled person to leave a building safely in the event of an emergency.</b></p>

## 14 SEX (GENDER)

This covers biological sex - whether you are a man, a woman or non-binary. Non-binary is used for people who don't feel male or female; they may feel like both, or something in between, or they may not relate to gender at all. Some prefer to use the pronoun "they" rather than he or she.

- e.g. does the function or policy take account of different roles and responsibilities?  
 does it assume, perhaps wrongly, that men for example, have no caring responsibilities?  
 is the function or policy flexible enough to provide a service that everyone can access?

## 15 GENDER REASSIGNMENT (TRANSGENDER IDENTITY)

This covers both:

- **Gender reassignment**, which is the process of transitioning from one gender to another. Individuals in this category are often termed transsexual. Gender reassignment does not need to involve any medical supervision or surgical procedures; it could simply involve a permanent change of the social gender role in which the person lives their life, (for example through a permanent change of name and the way they dress).
- **Other transgender identities** - such as polygender, androgyne, intersex, cross-dressing and transvestite people. The terms **transgender** and **trans** are both widely used by equality organisations to refer to a diverse range of people who find their gender identity does not fully correspond with the sex they were “assigned” at birth. Although the term transgender does refer in part to transsexual people (see above), not all transgender people will undergo the process of gender reassignment, but may face similar barriers to access.
- e.g. does your policy, function or service include people of different gender identities? Will your facilities impede transgender individuals in any way?

## 16 MARRIAGE AND CIVIL PARTNERSHIP

The rights and responsibilities that come with marriage and civil partnership are almost identical although civil partnerships in Scotland are currently only available to same-sex couples.

Under the Equality Act 2010 it is unlawful discrimination for people who are married or in a civil partnership to be treated less favourably in employment than people who are not married or in a civil partnership.

Equality legislation also protects people in relation to sexual orientation, which means that you cannot be treated less fairly as a same-sex couple than a mixed-sex couple would be treated.

## 17 PREGNANCY AND MATERNITY

Pregnancy is the condition of being pregnant/expecting a baby. Maternity refers to the period after the birth. Protection against maternity discrimination covers 26 weeks after giving birth, and this includes treating a woman unfavourably because she is breastfeeding.

e.g. Do you provide facilities for breastfeeding mothers?

Therefore, this guidance positively impacts on the protected characteristic of pregnancy and maternity</b></p>

## 18 RACE

This refers to a group of people defined by their ethnic or national origins, race, colour, and nationality (including citizenship). All minority race and ethnic groups are covered including, for example, gypsies and travellers, Jews, English as well as visible minority groups like African, Caribbean and Asian.

Consider the impact your function or policy has on someone from a minority ethnic group. Remember the impact may differ depending on the gender, disability, faith, sexual orientation or age of the person as different cultures have different views on what is acceptable.

e.g. What about language and information? Is it in the right format?

## 19 RELIGION OR BELIEF

Religion is the worship or faith in a God or Gods but belief is wider and includes religious, spiritual and philosophical beliefs. It also includes lack of belief or no belief in religion (e.g. Atheism). Generally, a belief should affect your life choices or the way you live for it to be included in the definition.

e.g. Does the function or policy take into account different festivals, holidays, religious days and traditions? Will the different faith beliefs impact on, for example, women from that group and exclude or prevent them from using the service?

## 20 SEXUAL ORIENTATION

Whether a person's sexual attraction is towards their own sex, the opposite sex or to both sexes. This includes people who are heterosexual, lesbian, gay or bisexual.

e.g. What are the issues for this group in terms of your function or policy? Are the needs of this group being met?

## 21 HUMAN RIGHTS

This is about protecting and promoting individuals' rights and freedoms in relation to the Human Rights Act 1998. The UN Convention on the Rights of the Child has a much broader approach that may be of interest and reference although the focus of the Impact Assessment is the UK legislation, linked below.

1	<b>The right to life</b> – protects your life, by law. The state is required to investigate suspicious deaths and deaths in custody;
2	<b>The prohibition of torture and inhuman treatment</b> – you should never be tortured or treated in an inhuman or degrading way, no matter what the situation
3	<b>The right to liberty and freedom</b> – you have the right to be free and the state can only imprison you with very good reason – for example, if you are convicted of a crime
4	<b>Protection against slavery and forced labour</b> – you should not be treated like a slave or subjected to forced labour;
5 and 6	<b>The right to a fair trial and no punishment without law</b> - you are innocent until proven guilty. If accused of a crime, you have the right to hear the evidence against you, in a court of law
7	<b>Respect for privacy and family life</b> – protects against unnecessary surveillance or intrusion into your life
8	<b>Freedom of thought, religion and belief</b> – you can believe what you like and practise your religion or beliefs
9 and 10	<b>Free speech and peaceful protest</b> – you have a right to speak freely and join with others peacefully, to express your views
11	<b>The right to marry</b> - you have the right to marry and raise a family
12	<b>No discrimination</b> – everyone's rights are equal. You should not be treated unfairly – because, for example, of your gender, race, sexuality, religion or age
13,14 and 15	<b>Protection of property, the right to an education and the right to free elections</b> – protects against state interference with your possessions; means that no child can be denied an education and that elections must be free and fair

Please refer to the Guidance for more information.

This particularly applies in this guidance, especially as the vast majority of employees requiring a Personal Emergency Evacuation Plan will be disabled. Therefore, if a Personal Emergency Evacuation Plan is put in place for any disabled person who requires one, this will ensure that NHS Dumfries and Galloway complies with its statutory duty to eliminate discrimination.</b></p>

## 22 HEALTH & WELLBEING and HEALTH INEQUALITIES

This is about physical and mental health and wellbeing and includes e.g. feelings of safety and security, leisure activity, participation, creativity, affection and developing/achieving your potential. It also covers all aspects of poverty including income and fuel poverty, lack of confidence and self-esteem. The Fairer Scotland Duty places a requirement on public bodies to actively consider how they can reduce inequalities of outcome in any major decision they make.

Think about the determinants of health and the different causes of health inequalities:

- **fundamental causes** like macro-economic position, societal values about fairness and equity
- **wider environmental influences** like availability of jobs; physical environment e.g. pollution, housing, food production, learning, availability services, democratic engagement
- **individual experiences** like mental health and wellbeing, family income, home and heating, diet and nutrition, exercise and physical activity, substance use, learning, readiness for school, ability to navigate services, connectedness, community involvement and personal resilience
- **socio-economic disadvantage** like low income, low wealth, material deprivation and area deprivation

Think about the different causes and types of poverty:

- Will this policy give people and families experiencing poverty the opportunity to make sure that their **voice is heard**?
- Will the policy support people experiencing poverty to **move from dependence to independence**?
- Will the **information and services be easy to access**?
- Will the policy **provide services that meet the needs of people** experiencing poverty?

Think about how this policy will impact on increasing opportunities for:

- Participation in physical activity
- Accessing healthy food choices
- Promoting positive mental health and wellbeing

Therefore, this will have a positive impact on their health and wellbeing.</b></p>

## 23 ECONOMIC AND SOCIAL SUSTAINABILITY

This is about e.g. pay, employment opportunities, assisting businesses to develop or grow, welfare to work schemes and disadvantaged groups, local self-help schemes, and valuing and supporting voluntary work. It also covers issues around aspects of poverty including individual and community resilience. The Fairer Scotland Duty places a requirement on public bodies to actively consider how they can reduce inequalities of outcome in any major decision they make.

How will your policy impact on e.g. social status, employment (paid or unpaid), opportunities to expand on learning experiences, opportunities for volunteering, encourage investment in skills and training, assist people on low incomes or support other disadvantaged groups in any way, help people access advice on financial inclusion, availability or delivery of services for people living rurally, and increase access to facilities for arts, cultural and leisure pursuits.

How will the policy work in rural areas where the existing infrastructure is typically less developed or where infrastructure does not exist (e.g. mains gas, fast broadband connections)?

## 24 ENVIRONMENTAL SUSTAINABILITY, CLIMATE CHANGE AND ENERGY MANAGEMENT

This is about enhancing the built environment, preserving local heritage, reducing the need to travel by improving or adding to local facilities, conditions for pedestrians and cyclists and promote public transport, living conditions such as housing and green spaces, biodiversity, the amount of emissions, fuel consumption, fuel use, renewable energy technologies,

If the effect or possible effect is minimal, no action is required under the requirements of Strategic Environmental Assessment (SEA) but there is a duty under the Environmental Assessment Scotland Act 2005 to notify the SEA authorities. There are templates available to help this process. This should be noted on the summary sheet.

If there is any likely positive or negative environmental effect, a full SEA may be required.

In order to comply with the Climate Change (Scotland) Act and [Carbon Reduction Commitment Energy Efficiency Scheme](#) organisations must maintain accurate records and data with regard to its Emissions. If your policy may lead to a change in levels of emissions, has account been taken of the need to accurately record this data?

Will your policy affect infrastructure, land or buildings?

## 25 SUMMARY OF IMPACT

Summarise your results from section 12 to 24 in the table below:

<u>Impact Area</u>	<u>Positive Impact</u>	<u>No Impact</u>	<u>Negative Impact</u>
Age	X		
Disability	X		
Sex		X	
Gender reassignment and Transgender		X	
Marriage and Civil Partnership		X	
Pregnancy and Maternity	X		
Race		X	
Religion or belief		X	
Sexual orientation		X	
Human Rights	X		
Health & Wellbeing & Health Inequalities	X		
Economic & Social Sustainability		X	
Environmental Sustainability, Climate Change and Energy Management		X	
	Total Positive Impacts =5	Total No Impacts =8	Total Negative Impacts =0

Positive and No Impact(s) - the Policy needs no further IA at this stage. Transfer the totals to the Summary Sheet for publication

Negative Impact(s) - please complete section 26

26 If Negative Impact(s) have been identified choose the most appropriate option below (a, b or c). Once you have identified your option, record your decision in the table below highlighting the Impact Area and action to be taken.

- a. **unjustifiable** - your policy must be revised and rewritten to remove the negative impact. This is the concept of 'treat' in risk management
- b. **can be justified** without further consultation. The justification is noted and recorded and the policy is signed off. This is the concept of 'managed' in risk management
- c. **may or may not be justifiable** - the proposed justification for the risk is noted and the policy is then consulted upon at the level that is appropriate. For instance, an employment policy may require only internal consultation where as a service delivery policy may require partner and external consultation.

Impact Area	Option (a), (b) or (c)	Explanation and action to be taken

Once completed transfer the actions to the Summary Sheet for publication

## Section 5 : Monitoring And Reviewing

		Guidance
27	How will the implementation of the policy be monitored?	e.g. customer satisfaction questionnaires.
28	What (if any) environmental data is to be monitored and who is responsible for the collection of this data?	
29	How will the results of the monitoring be used to develop the policy?	This information will be useful when you review the policy
30	When and how is the policy due to be reviewed?	Detail who is responsible. If there are a significant number of negative impacts, then an earlier date may be recommended

## Section 6 : Quality Assurance and Public Reporting of Results

(Information required for the Summary Sheet)

The organisation is required to publish the findings and results of all IAs conducted.

Monitoring of IA returns will be carried out by expert advisors and may result in additional information being required or a revised assessment.

The lead person is responsible for collating the key comments and actions. All members of the group should receive a copy of the final impact assessment.

The impact assessment information should be reported as part of the approval process for the policy.

The lead person is responsible for sending a copy of this completed Impact Assessment Toolkit form to the relevant service for the lead organisation where it will be quality assured and then part or all will be published on the public website.

For Dumfries and Galloway Council this is the Planning and Performance Unit - email it to [ImpactAssessment@dumgal.gov.uk](mailto:ImpactAssessment@dumgal.gov.uk)
