

How many a) doctors, b) nurses, c) porters and d) cleaners are currently employed per hospital in your health board?

	Total (Including Bank Posts)	Total (Excluding Bank Posts)
Doctors	487	282
Nurses	3358	2186
Porters	41	29
Cleaners	341	314

How many of those in each of these four categories tested positive for coronavirus between 1 March 2020 and 19 January 2021. Please break this down by month/hospital and, in the case of doctors/nurses, by department e.g. radiology;

Doctors	Nurses	Porters	Cleaners
<5	79	0	10

Less than five replaces the actual figure as this could potentially identify personal information and to break down this information by month/hospital/department is considered exempt under section 38(1)(b) of FOISA.

How many of those in each of these four categories died as a result of coronavirus between 1 March 2020 and 19 January 2021. Please break this down by month/hospital and, in the case of doctors/nurses, by department e.g. radiology

No member of staff has died as a result of coronavirus between 1 March 2020 and 19 January 2021.
