

The number of pregnant women your trust has treated for Covid-19 between 1st March 2020 and 31st January 2021?

Less than five pregnant women have received treatment for COVID-19 between 1 March 2020 and 31 January 2021. Due to this figure being low and potentially identifiable; we are exempting this data under section 38(1)(b) of FOISA Any pregnancy-related ICD10 code in ANY position in ANY episode of stay.

The number of pregnant women your trust has treated in ICU for Covid-19 between 1st March 2020 and 31st January 2021?

None

The number of women who had recently given birth that required treatment for Covid-19 by your trust between 1st March 2020 and 31st January 2021?

14

(NB - number of admissions on a COVID positive pathway where a delivery date occurred \geq 28 days before COVID admission date and \leq COVID discharge date)

The number of women that had recently given birth and required treatment for Covid-19 in ICU at your trust between 1st March 2020 and 31st January 2021?

None

The number of maternal deaths in your trust where Covid-19 or a Covid-19 related illness was recorded as the cause of death between 1st March 2020 and 31st January 2021?

None

The total number of maternal deaths (from all causes) in your trust for the period 1st March 2020 to 31st January 2021?

Less than five; to provide this data may breach data protection therefore we are applying section 38(1)(d) to this request.

The total number of maternal deaths (from all causes) in your trust for the period 1st March 2019 to 31st January 2020?

None

The number of pregnant workers in your trust (employees, agency workers, self-employed or locum) that are currently in patient-facing roles?

This information is not held in a reportable or centralised format; therefore this request is refused under section 17 of FOISA.
